An extension to January 31, 2008 is granted for submittal of the requirements for the Division Order.

Pam...I would like to request an extension of time until the middle of February to submit the response to the Wildcat Loadout Division Order, Task # 2822. The Crandall Canyon drillhole reclamation plan and post mining land use change application has involved much of our permitting efforts over the past month, and the year end holidays have also interrupted the work schedule. I also anticipate at least a week of time in January devoted to doing the MRP side-by-sides, as recently requested by the Division. Your consideration of this request is greatly appreciated. Thanks Pam

Dave
